### **DIGEST AND PURPOSE**

Currently, Texas law includes antiquated requirements for a licensed out-of-state chiropractor to obtain a provisional license in Texas. For example, the Texas State Board of Chiropractic Examiners (TBCE) no longer administers a state board exam. Instead, TBCE now requires successful completion of the national board exams prior to application for a license in Texas, in lieu of the state-administered exam. S.B. 842 repeals the antiquated requirements to enable a licensed out-of-state chiropractor to be licensed in Texas upon meeting certain requirements.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
